

CALL FOR PAPERS

Due
November
7th

EXPLORE THE UNIVERSE OF TEST

The 2015 Teradyne Users Group (TUG) Conference will be held May 4-6, 2015 at The Loews Royal Pacific Resort in Orlando, Florida. Join us as the ATE industry's longest running users group conference provides the latest technical information through presentations, workshops, and panel and round table discussions.

SUBMIT AN ABSTRACT TODAY. The TUG Steering Committee invites you to share best practices and new test solutions with your peers by submitting an abstract for the 2015 conference. Tracks for this year's conference include Defense & Aerospace, Digital, Memory, Mixed Signal, Power Management/Automotive, RF Wireless, and Test Infrastructure & Production. Submissions are accepted on Teradyne, Eagle Test and Nextest systems as well as platform-independent test technologies.

NOVEMBER 7, 2014. Abstracts and Outlines are due. Submit a one-paragraph abstract (111 words or less), an outline of your 20-25 minute presentation and your biography. See the TUG website (www.teradyne.com/tug) for submission guidelines and a list of hot topics. The Steering Committee will not be able to consider your participation in TUG 2015 unless your submission includes the abstract, outline and bio.

*** If your submission is received by the November 7 due date and is accepted into the conference, you will be entered into a drawing for a prize. Keep in mind you must also submit your paper by March 20 to be eligible. Please see the TUG website for full details. ***

DECEMBER 2014. The Steering Committee meets in early December to select those abstracts that will make up the TUG 2015 technical program. You will be contacted via email by the end of December if your paper has been accepted.

JANUARY 2015. Registration for the conference begins. The program will be posted on the TUG website.

MARCH 20, 2015. All electronic files of final papers and presentation materials are due.

May 4-6, 2015. The 2015 Teradyne Users Group Conference.
